Industry Placement

Industry relevance is at the core of everything we do at [redacted] College. We believe industry experience is so vital that we incorporate it into every semester of the course.

Using our industry contacts, we introduce each student to future employers and endeavour to get them into the industry with paid employment as soon as possible.

Our Partners

We endeavour to maintain a very diverse portfolio of Industry Partners to match with the diverse interests and professional goals of our students. [redacted] has established relationships with various Industry Partners for almost 50 years. The mutual respect and cooperation between the College and the various hospitality leaders ensures that our students receive the knowledge and training required to better themselves and to prepare them for the challenges of tomorrow.

Our Industry Partners include (but are not limited to):
